DETAILED ACTION

This office action is in response to Applicant's amendment filed on August 8, 2005. Claims 1-4 and 6-15 remain unallowable however, newly added independent claim 29 is allowable thus the subsequent dependent claims 30-41 are also allowable. In a telephonic conversation with the Attorney Eric Hyman on November 11, 2005, the Applicant has agreed to cancel claims 1-4 and 6-15 to place the application in condition for allowance.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Eric Hyman on November 7 2005.

and 16-28 *ELC*

The application has been amended as follows: claims 1-4, ~~and~~ 6-15, are canceled.

The following is an examiner's statement of reasons for allowance: Claims 29-41 are allowed. Claim 29 is allowable over the prior art of record because the latter, either alone or in combination, does not disclose nor render obvious an optical module comprising an under cladding, a first core placed on the under cladding, a second core placed on the terminal end of the first core, an over cladding placed in a region including the terminal end of the first core and the second core placed on the terminal end portion of the first core to form a mode field size conversion portion having a specific refractive index difference between the second core and the under cladding is larger than that between the second core and the over cladding in combination with the other limitations of claim 29. Claims 28-41 depend from claim 29. Hence, there is no

reason or motivation for one of ordinary skill in the art to use the prior art of record to make the invention of claims 29-41.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
